Message from Chairman

Time and experience have shown that a good education can make all the difference in one's life. Likewise, the value of learning institutions that understand the purpose of education cannot be under-estimated. These institutions are not restricted to imparting mere book learning, but equally committed to the nurturing of extracurricular talent and to the inculcation of human values like wisdom, compassion, courage, and integrity in future generations.

Chairman - Board of Directors
Adel Al Safar

WHY CHOOSE CAPITAL UNIVERSITY

Capital University is the first local university in the region to be powered by **VIT Bangalore**, the **TOP 10 ranking university**, marking a significant milestone for the education sector in the Kingdom of Bahrain. This collaboration promises substantial benefits for local communities seeking high-quality higher education opportunities

Industry aligned curriculum

Capital University offers an industry-aligned curriculum, ensuring students receive relevant education that prepares them for success in their chosen fields upon graduation.

International collaborations

We have a good library and self study area, so students can access various sources of information, such as books, journals, databases, and online materials, and use them for their academic purposes.

Strategic industry tie-ups

We provide medical services and support to the students, staff, and faculty of the university. We offer various types of services, such as primary care, urgent care, mental health, wellness, immunization, and more.

Subject matter experts (SME) as full-time faculties

At Capital University, subject matter experts serve as full-time faculty members, bringing real-world experience and expertise to the classroom, and enriching students' learning experiences.

ABOUT OUR UNIVERSITY

Capital University's legacy is built on a foundation of excellence, dedication, and a forward-thinking approach to education. We take pride in our SME-driven faculty and the impact they have on our students' growth and development.

Capital University's objective is to align with VIT's strategy that sets out to build and achieve the highest scientific and professional education standards to serve the Bahrain's future generations.

It's evident that the design and development plan for Capital University Bahrain is well-considered and strategic

INTERNSHIP & PLACEMENTS

Internship and placements are valuable opportunities for students to gain practical experience, develop professional skills, and network with potential employers. Capital University offer internship and placement programs for their students, as part of their curriculum or as an extracurricular activity. Here are some features of internship and placements

Co-operative education (co-op)

This is a structured program that integrates academic study with paid work experience. Students typically alternate between semesters of study and work, gaining up to a year of relevant experience. Co-op programs are often offered by information technology, business, and design schools.

Summer internships

These are short-term programs that usually last for 8 to 12 weeks during the summer break. Students can apply for internships with various organizations, such as corporations, nonprofits, or government agencies. Summer internships are often competitive and may require a formal application process.

Year-long placements

These are programs that allow students to take a year off from their studies and work full-time in a relevant field. Students can gain valuable experience, earn a salary, and enhance their resume. Year-long placements are often offered by business, design, and humanities schools.

VIT BANGALORE

VIT Bangalore, a sister concern of VIT University (www.vit.ac.in), operates across five campuses in India: Vellore, Chennai, Andhra Pradesh, Bhopal, and Bangalore. With a student body exceeding 80,000, VIT is renowned for its excellence in various fields, particularly future technologies such as Data Science, Artificial Intelligence, Robotics, Cyber Security, and Data Analytics. VIT's stellar reputation is evident from its impressive rankings in the National Institutional Ranking Framework (NIRF) by the Ministry of Education, Government of India, and The QS World Ranking. According to NIRF VIT University consistently ranks among the top 10 Indian universities across multiple categories. In the 2024 QS World Ranking, Vellore Institute of Technology (Vellore & Chennai) is listed among the top 10 engineering institutions in India.

Capital University will be the first local university in the region to be powered by VIT Bangalore, marking a significant milestone for the education sector in the Kingdom of Bahrain. This collaboration promises substantial benefits for local communities seeking high-quality higher education opportunities.
